“BRA (Breast Reconstruction Awareness) Day is a wonderful opportunity for us to partner with our patients and our community to make sure that every woman understands her options as it relates to reconstruction after mastectomy and is aware that these options can be afforded in a safe manner and in a timely manner,” said Dr. Jeremy Z. Dr. Christopher G. Williams (no relation) added, “Our goal is that every woman will be aware that reconstruction is a possibility for them after being touched by breast cancer.”

At Park Meadows Cosmetic Surgery’s celeBRAtion event, survivors and their families are invited to share stories and will have the opportunity to ask questions to surgeons and staff.
